WARSAW POWER STATION HAS RECORD OUTPUT

GENERATES OVER EILLION KILOWATT-HOURS -- Tycie Warszawy, No 309, 9 Nov 49

The Warsaw Power Station has turned out, for the first time since the station was established, 1,038,000 kilowatt-hours within 24 hours. The peak load registered up to now was 54,000 kilowatts in 1938. The additional capacity of 13,500 kilowatts is valued at one billion zlotys.

Three new boilers were delivered a few days ahead of schedule.

The power station consumed 1,200 tons less coal in October 1949 than in the corresponding month last year. This represents 2,400,000 glotys' savings.

CASHORES INCREASE OUTPUT -- Trybuna Ludu, No 312, 12 Nov 49

In October 1949, gasworks of the Central Power Administration produced 27 million cubic meters of gas, an increase of 2,100,000 cubic meters over last month, 37,808 tons of coke, and 2,472 tons of tar. Warsaw Bydgoszcz, Torum, and Nadmorskie Associations showed the greatest production.
